Dual Language Model

Dual Language Nature of Degree Programs

Degree programs at the SUAGM-UAGM – Carolina Campus Florida Branch Campuses are bilingual (English/Spanish) following the dual language 50/50 approach in which courses are taught 50% in English and 50% in Spanish. English and Spanish courses do not follow the 50/50 approach. All students will be tested for placement in the appropriate level of English and Spanish courses required for the degrees. Applicants, who do not demonstrate basic knowledge in English or Spanish, as determined by test results, must complete additional language courses.

A graduate of UAGM – Carolina Campus Florida Branch Campuses is expected to be a Dual Language Professional who demonstrates professional competencies confidently in their field of study in English and in Spanish.

Language Placement Tests and Developmental Courses

All admitted students are required to take our English and Spanish language placement examinations. These tests help to place students in the most appropriate language level and courses. According to their results, students may be required to register for developmental language courses. Developmental courses considered non-credit hours do not count towards graduation on any specific career program.

Students may have taken these examinations prior to being admitted as part of their orientation or application process. The test scores and placement results are considered valid for enrollment if they are not older than one year. Placement test scores and placement results are valid for one calendar year. Students are advised to come prepared. Placement exams may take between 2 to 4 hours, depending on their proficiency in both languages.

Undergraduate Developmental Courses

The undergraduate English language developmental courses are ENGL 050-O and ENGL 102-O. Students are required to take both as a sequenced order or only ENGL 102-O, depending on their placement exam score. These courses must be taken during the student's first semester of enrollment as they are designed to prepare students for rigorous academic work.

The undergraduate Spanish language developmental courses are SPAN 100-O and SPAN 102-O. Students are required to take both or only SPAN 102-O, depending on their placement exam score. These courses must be taken during the student's first semester of enrollment as they are designed to prepare students for college level academic work.

Testing Out of Developmental Courses (Undergraduate)

Undergraduate students who are proficient in either English or Spanish, as demonstrated by attaining a predetermined score on the placement exam may not need to enroll in developmental courses. These students will be asked to complete and pass a written essay examination and an oral interview. If successful, students may start taking language credit courses and begin working towards their degree from the start. Otherwise, students must enroll in the corresponding language developmental course.

Graduate Developmental Courses

The graduate English language developmental courses are ENGL 500-O, ENGL 501-O, and ENGL 502-O. Students are required to take one, two or the three developmental courses as a sequence, depending on their placement exam score. These courses must be taken consecutively during the student's first semester of enrollment as they are designed to prepare students for rigorous academic work.

The graduate Spanish language developmental courses are SPAN 500-O, SPAN 501 and SPAN 502-O. Students are required to take one, two or the three developmental courses, depending on their placement exam score. These courses must be taken during the student's first semester of enrollment as they are designed to prepare students for college level academic work.

Testing Out of Developmental Courses (Graduate)

Graduate Students who are proficient in either English or Spanish, as demonstrated by a high score on the placement exam, may not need to enroll in developmental courses. These students will be asked to complete and pass a written essay examination and an oral interview. If successful, students will not need to take language courses at the graduate level and begin working towards their degree from the start.

Graduates from Bilingual Bachelor's Degrees

Blackboard for coursework outside the classroom.

Course Modules and Language of Delivery

UAGM – Carolina Campus Florida Branch Campuses follow the Discipline-Based Dual Language Immersion Model® developed by Sistema Universitario Ana G. Méndez for its courses. This model provides for the development of English and Spanish language skills while equally exposing all students to the general education and professional content in both languages. The model seeks to develop students who can function professionally in both English and Spanish.

The rigorously selected and certified faculty community at all mainland campuses utilizes a wide variety of educational materials and resources as well as course modules as part of the teaching-learning processes. The instructional modules contain the information on course objectives, topics, assignments, and most importantly serve as study guides for teachers and students by including rigorous learning activities to be carried out in class. Each instructional module also serves as a content planning guide that complements (not substitutes) course materials and textbooks. The modules divide the course into weekly workshops with their own specific objectives and recommended activities to meet the objectives.

Modules are prepared by program facilitators who received specialized training on module development. To prepare modules, faculty must be trained and certified as Module Developer Specialist and Dual Language Professional. All modules are available to students and faculty electronically through the Learning Management System: Blackboard® and can be accessed remotely through the Internet.

Modules for the Campuses also specify the percentages of instruction in English and Spanish

used each week, ensuring equal exposure to both languages in the content area. Content courses are taught in the proposed dual-language format. Each lesson within a module contains specific information about the instructional language to be used. This can be controlled, for example, by specifically listing reading for a specific week in English, while assignments and/or student presentations are required in Spanish. Modules include texts, references and hyperlinks in both languages and students will be engaged in classroom activities in both languages. The modules developed to allow the students to be exposed and to facilitate their use of both languages in order to promote the development of bilingual professionals. All modules are presented with the dual language format, except English and Spanish courses that are entirely in the corresponding language.

Language Support and E-Lab

A Language Lab and an E-Lab that provides students with the resource to improve their proficiency in English and Spanish are available to support students in order for them to reach the desired level of bilingualism. One of the functions of the Language Lab is to offer preparatory courses for students who do not meet the language requirements to enroll in a degree granting program. Various rigorous and challenging software programs at different proficiency levels are used. Net Tutor® online tutoring services are available in both English and Spanish. Other online resources such as Gurabo's Virtual Library, E-Books, E-Libros, Tell Me More (Rosetta Stone), and Wimba Voice. Students may request the E-Lab informative brochure from the Student Success Coach/Retention Officer at any time.

The goal is to provide students with a high-quality education in both languages (English and

Spanish) and offer them tools to ensure success in their university and professional lives.

Registration

Registration

The Vice-Chancellor for Student Affairs determines the University's registration procedures. Students are required to register on the dates established for their respective cohorts according to the registration schedule published by the University.

Registration is the process of developing a course schedule and enrolling in courses. There are three full semesters in an academic year: fall, spring, and summer.

Registration process:

1. Campus Registrar and/or Retention staff will register new students once admitted to the University.
2. Campus Retention staff will register active students for upcoming semesters at designated times throughout the academic year.
3. Students using VA benefits and students registered with their Student Success Coach/Retention Officer for a documented disability will receive priority registration status.
4. Students will receive registration updates from their campus Retention staff.

Registration Holds

Students with an active registration hold must resolve the hold in order to register, make changes to their academic schedule, request a transcript, apply for degree conferral, etc.

Sample registration holds may include, but are not limited to student conduct hold, missing document hold, financial hold, administrative hold, etc.

Maintaining the Academic Offerings, Programing of Courses, Closing and Eliminating Sections

The Institution will follow the university's established procedures for maintaining academic offerings: programming of courses, closing and elimination of sections.

Programming of Courses

Academic Affairs is responsible for determining which courses will be offered, the number of sections to be created, the number of sections and the instructor assigned to each course. Course programming is designed during the month of June for the following academic year, which begins in August.

Program Moratorium or Campus Closure

The University must periodically evaluate fluctuations in the enrollment of programs and specialties, and the demand of the labor market for the same, to determine the continuity of their academic offerings. Accordingly, the Institution shall have the power to place in moratorium programs or specialties due to a decrease in the required enrollment, as detailed in University policy.

Late Registration

Late registration will be held, if possible, before classes officially begin. Students who do not go through the pre-registration process, or who fail to attend registration on the assigned date, may register during the late registration period, provided there is space in the course sections they select. No student will be able to register after the period determined for late registration.

After the add/drop period, all courses will become a permanent part of the student's record. Students may ask the Registrar to cancel their registration by filling out the appropriate cancellation request forms which can be accessed through the Student Portal or at one of the university campuses.

Advanced Standing

A student's time to complete their program of study may be shortened through transfer of

credit, or credit from prior learning as defined in the admission section. The maximum amount of advanced standing credit, regardless of source, cannot exceed 75% of the total degree program length for undergraduate programs.

Academic credit that is awarded through one of these methods is not calculated in the student's cumulative grade point average but is factored into the determination of the maximum time in which a program must be completed as published in the section entitled Satisfactory Academic Progress. Advance standing through transfer credit or credit from prior learning credits do not apply to students pursuing a diploma program.

Transferability of Institutional credits to Other Institutions

The transferability of credits is solely at the discretion of the accepting institution. It is the student's responsibility to confirm whether credits completed at Universidad Ana G. Méndez – Carolina Campus will be accepted at any other institution.

Program Changes, Withdrawals, and Transient Registration

Re-classification of Program or Major

Active students may submit a request to change their program or major by completing a Change Form and submitting the form to their assigned Retention Officer or Student Success Coach by the deadline established in the Academic Calendar. Program and major changes are subject to program requirements and space availability.

Withdrawals

1. To apply for a Partial or Total Withdrawal, students must obtain a form from the Retention Office. The form must be submitted by the deadline established in the Academic Calendar.

- The request will be processed and documented with the reasons and date of the student request.
2. Withdrawals with Reimbursements: Courses in which the student applies for partial or total withdrawal before the add/drop deadline will be fully reimbursed. Partial withdrawal may affect the classification of the student for financial aid purposes.
 3. Withdrawals without Reimbursements: When students request a partial or total withdrawal from a course, after the date established by the University for withdrawals with reimbursement, it may affect the student's academic progress.
 4. The Institution may administratively drop a student with no refund, following the provisions established in the Student Code of Conduct.

Transient Registration

Universidad Ana G. Méndez – Carolina Campus students will have the opportunity to take courses at accredited institutions of higher education as transient students, if the courses are not offered at the institution and are required to continue course work in subsequent semesters.

1. In order to enroll as a transient student at another institution, students must submit the appropriate application form to the campus Registrar's Office. The student will be notified of the decision of their request, subject to the approval of the School Dean, within 10 business days.
2. Approval shall only be granted for those courses listed within a specific term.
3. Students must be in good academic, financial, and conduct standing.
4. Courses completed with a grade of "C" or higher will be accepted for students

seeking a degree in undergraduate and diplomas programs. Courses completed with a "B" or higher will be accepted for students in the graduate programs if the academic program permits transfer credits.

5. The credits will be recorded as attempted credits and will not be considered for GPA.
6. Students must submit official transcripts to Universidad Ana G. Méndez – Carolina Campus within 30 days of completion of the course to be considered for transfer credit.

Class Attendance

Regular attendance and participation in class discussion and activities are expected. It will enhance and enrich the experience for the entire class. If the student expects to miss class for any reason, it is the student's responsibility to notify the professor by email or telephone prior to class. Professors may take student attendance into consideration when grading and should explain the possible impact of absences on the student's grades. Professors are not required to allow students to make up work. Students are responsible for all material covered during the course, regardless of whether they are present in class. Thus, attendance is strongly recommended to better facilitate student achievement of academic goals.

University Census and the importance of Class Attendance

Census is recorded based on being present in class during the first two weeks of the course. Please refer to the academic calendar in this catalog for exact dates. If marked as "not attending" during this period on the official Census, the student will be financially responsible for the course and Financial Aid and Veteran benefits may be decreased. Students who are reported as not attending will be

administratively withdrawn from the course (WN on the student transcript).

Regular attendance and active student engagement is encouraged in all courses and course activities. Any class session missed reduces the opportunity for learning and may have an adverse effect on the grade earned in the course. Each instructor will establish and announce their class attendance and engagement policies at the beginning of each term.

 5. Students must complete the work required for the evaluations on the date stipulated by the faculty. Otherwise, they will receive zero (0) for any work not completed.

Responsibility of the Faculty:

1. It will be the responsibility of the faculty to inform the students of at least one partial evaluation before the last date established for partial withdrawals.
2. It will be the responsibility of the professors to comply with the academic calendar and to inform the students, at the beginning of the course, of the course objectives and content, exams and other work that will be required for their evaluation.

Grade System

The university adheres to the following letter grade and points system:

1. For the purpose of computing a student's grade point average ("GPA"), the number value of the grades in the courses shall be:

Points	Grade	Grade Points
(100-90)	A	4
(89-80)	B	3
(79-70)	C	2
(69-60)	D	1
(59-0)	F	0

2. The following system of letters will be applied in special cases; they will not be included in the calculation of the student's GPA, except for the "Compulsory Withdrawal" ("WF").

AU	Audit Course
I	Incomplete (IA, IB, IC, ID, IF)
IP	Course in Progress
NP	No Pass
NR	Grade Not Reported
P	Pass
T	Transfer Credit
W	Official Withdrawal
WA	Administrative Withdrawal
WF	Compulsory withdrawal
WV	Midpoint evaluation
WN	Administrative Withdrawal

A "**W**" indicates a withdrawal from a course.

A "**WF**" indicates a withdrawal from a course with penalty for excessive and/or unjustified absences.

A "**WV**" is the administrative process of midpoint evaluation conducted by the registrar after a student receives a "WF" grade. This process determines the student's last date of course activity for return to Title IV purposes. "WV" does not change the earned grade.

A "**WN**" indicates no attendance in a course within the first two weeks of the term (no grade points). This is reported in the official census.

An "**I**" indicates that a student, who is absent from the final examination or does not satisfy all

financial obligations to the University, will receive an incomplete as a provisional grade. Additional information regarding Incompletes is outlined below.

A “WA” indicates an administrative withdrawal approved by the Campus Director given for one of the following reasons:

1. The possibility of danger to the health of the student or that of other students if enrollment were to be continued.
2. Refusal to obey regulations or serious misconduct on the part of the student.
3. Deficient academic work (below required academic standards).
4. New admissions that do not complete the admissions application with the required documentation by the date scheduled in the Institution’s calendar.

A “P” indicates that the student met the minimum expectations of the course. A “P” grade is not calculated into the CGPA but is considered in the determination of credit hours attempted and earned.

A course with a “NP” indicates that the student has not met the minimum expectations of the course. A “NP” grade is not calculated into the CGPA but is considered in the determination of credit hours attempted and earned.

A course with an “F” indicates that the student did not meet the minimum expectations of the course. An “F” grade is not calculated into the CGPA but is considered in the determination of credit hours attempted and earned.

Students may register for courses as auditors. Auditing a course means performance in the course is not evaluated for a grade. Upon completion of the course, the student will receive the grade of “AU”.

A course with a “NR” indicates that the final grade is not officially submitted. As a

placeholder grade, a “NR” does not count towards the calculation of the CGPA and does not change the student’s academic standing.

Once assigned by the faculty or respective personnel, the grades are final and certified by the Registrar’s Office in the student’s official academic record.

Grade Grievance Procedure

The following grievance procedure provides students a means to contest a final course grade received in a course if a student believes fair and consistent grading procedures have not been followed. This procedure only pertains to the final course grade awarded in a course. A final grade is only subject to review when:

2. The assignment of the course grade to a student was on some basis other than performance in the course;
3. A procedural error has been discovered in the calculation or recording of the course grade; or
4. The assignment of a course grade to a student was not fairly given.

Disagreeing with grading policies or a faculty member’s assessment of work is not a basis for a grade grievance.

If the basis of a student’s grade grievance is that the student was subjected to harassment or discrimination, Universidad Ana G. Méndez – Carolina Campus may pause this grade grievance procedure while the claim of harassment or discrimination is evaluated in accordance with other University procedures.

Process to Submit a Formal Grade Grievance

To submit a formal grade grievance, the student must submit a written statement to the faculty member who issued the grade, or if the faculty member who issued the grade is no longer at the

University, the School Dean, that includes the following information:

1. The basis for the grievance, in accordance with the accepted bases listed above;
2. A summary of the issues in dispute, including any relevant documents;
3. The desired outcome for the grievance.

The written statement must be submitted in accordance with the deadlines outlined in the chart below:

Semester Grade Was Issued	Deadline for Appeal to Instructor
Fall	10 th business day of following spring semester
Spring	10 th business day of following fall semester
Summer	10 th business day of following fall semester

A written decision from the faculty member or School Dean, as appropriate, will typically be communicated to the student within 10 business days of receipt of the grievance.

If the student is not satisfied with the resulting disposition of the grievance, the student may submit an appeal to the Vice Chancellor for Academic Affairs. This appeal must be submitted within 10 business days from receipt of the decision from the faculty member or School Dean. A written response from the Vice Chancellor for Academic Affairs will typically be communicated to the student within 10 business days of receipt of the student's appeal to the Vice Chancellor for Academic Affairs. The decision of the Vice Chancellor of Academic Affairs is final and cannot be appealed.

If any of the above deadlines are not met by the student, the grievance will be considered invalid and closed, unless, due to extenuating

circumstances, the Vice Chancellor of Academic Affairs grants an extension of time.

Incompletes

Faculty may assign a grade of an "I" (Incomplete) for a course only if a student (1) has completed most course requirements, (2) is passing at the time that the Incomplete is requested, and (3) has a justifiable and documented reason, beyond the control of the student (such as accident, illness, or military service), for not completing the work on schedule.

A *Faculty/Student Incomplete Grade Agreement* form must be completed and submitted to the campus Registrar staff for processing prior to the term's grade submission deadline (PT grade submission deadline). A copy of the completed form should be retained by all parties.

Conditions:

1. The final exam will be offered, or the final work will be accepted only for students who have the opportunity of obtaining a minimum final grade of "D."
2. It will be the student's responsibility to make the necessary arrangements with the professor and the Academic Director of each campus to determine how to take the exam or turn in the final work and remove the Incomplete.
3. The Incomplete (I) may be removed if the student completes the work required in the academic session within (1) one academic semester of the first day of class of the following session and according to the dates established in the academic calendar.
4. If a student who has received an Incomplete in one or more courses does not achieve academic progress once the Incomplete is removed, according to institutional policies, financial aid will be reinstated, only if it is within the timeframes established by the Federal Government for disbursing aid.

If the student completes the required work in the timeframe allotted, the faculty member will complete a Change of Grade form to assign the appropriate letter grade. If the student does not complete the required work in the timeframe allotted, the Incomplete grade will be converted by the campus Registrar staff to a grade of NP or F. In either case, the final grade will be included in the cumulative GPA and the credits will count as credits attempted. A student may not be awarded a second Incomplete for the same course.

Responsibility of Faculty

Faculty are required to submit to the Registrar's office the required forms, including the Grade Roster and Faculty/Student Incomplete Grade Agreement form, per the scheduled due date and are required to comply with all relevant Universidad Ana G. Méndez – Carolina Campus policies and procedures.

Repeating Courses

1. If a student does not meet the minimum course grade in a program, the student will be required to repeat the course.
2. Universidad Ana G. Méndez – Carolina Campus will allow a student who has obtained a C, D, F, W, or WN in a course to repeat the course using financial aid if they have not exceeded 150% of attempted credits.
3. Although both the old grade and the new grade will be shown on the permanent record, the highest grade obtained for the course is the grade that will determine the student's GPA and the amount of credit earned for the course.

4. No additional credits will be earned for repeating courses for which credits have already been earned.
5. In the case of externships, practicums, or internship courses, the student may repeat the course a maximum of twice. The student will only be able to repeat the course the second and last time with the approval and recommendation of the Academic Director and the practice supervisor.
6. No student may repeat a specified course until they have received a grade for it.
7. Repeated courses will count towards the evaluation of the student's satisfactory academic progress.

It is recommended that all graduate courses be passed with a minimum of B and that those students maintain a GPA of 3.0. If a graduate student obtains a final grade of C and it lowers the GPA to less than 3.0, it will be compulsory for the student to repeat the course(s).

Independent Study

Courses in this category must comply with established requirements of weekly hours of instruction. Independent study courses will be offered as an alternative for those students who require a course that is not offered in their graduation year either in the first or second semester. These courses will be offered through Independent Study with the approval of the Vice Chancellor of Academic Affairs if they meet the following criteria:

1. The course content cannot be substituted for another.
2. The course is not being offered in the division the student is enrolled.
3. The course is required for the student's major.

4. The School Dean with input from the Academic Director of each campus will consider special cases individually on their own merits.

Students enrolled in an independent study course are required to adhere to the required engagement hours for the course.

Satisfactory Academic Progress

Students pursuing an academic degree must meet the minimum standards of Satisfactory Academic Progress (SAP) to continue Title IV eligibility and in some cases, continue with their academic program. These standards shall apply to all students, regardless of the methods by which they fund their studies. SAP is measured at the end of each academic semester (including summer) to ensure students are meeting minimum qualitative and quantitative benchmarks. Additionally, students must complete their academic programs within a maximum timeframe. Students who fail to meet these standards will become ineligible for federal financial aid and may be dismissed from the university.

Qualitative Standard (minimum CGPA)

Students must earn and maintain a 2.0 cumulative grade point average (CGPA) in most undergraduate programs and a 3.0 cumulative grade point average (CGPA) in graduate programs. Specific programs as identified in the Academic Catalog may mandate higher academic standards to meet SAP. Students must earn and maintain a 3.0 cumulative grade point average (CGPA), among other requirements, if they are enrolled in the Associate of Science in Nursing or Bachelor of Science in Nursing programs. It is the responsibility of the student to adhere to the academic standards for their program of study.

Grades of A, B, C, D, F and WF are included in the CGPA calculation. Transfer credits, incompletes, audited courses, courses dropped during the add/drop period, and withdrawals (W, WA and WN) are not included in the CGPA calculation. If a student repeats a course, the highest earned grade is included in the CGPA calculation.

A student enrolled in a program of more than two academic years in length must have a CGPA of at least 2.0 ("C or equivalent") at the end of the student's second academic year to be meeting the qualitative standard of SAP.

Quantitative Standard (completion rate)

Students must meet the minimum standards of successful course completion percentage (67%) to ensure they are on track to graduate within the maximum timeframe for their academic program. The completion rate is calculated by dividing the number of earned credit hours by the number of attempted credit hours. For example: 9 earned credits ÷ 12 attempted credits = 75% completion rate. Earned credits include grades of A, B, C, D, and Pass. Attempted credits include grades of F, W, WF, I, WA and WN. Transfer credits are considered attempted and earned credits. Courses dropped during the add/drop period and audited courses are not included in the completion rate calculation. Repeated coursework and grade forgiveness may both negatively impact the student completion rate. All attempts will be included in the denominator of the calculation, but only one successful completion will be included in the numerator.

Maximum Timeframe

Completion of a program of study may not exceed 150% of the length of the academic program under the Maximum Timeframe (MTF) under SAP. For example, if the length of an AA degree is 60 credit hours, a student cannot attempt more than 90 credit hours to complete

the program and receive federal financial aid. Similarly, with respect to a 120-credit hour program, a student cannot attempt more than 180 credit hours to complete the program. Maximum timeframe for graduate programs is also determined by multiplying the length of the program in credit hours by 150%. Each semester, the university will evaluate if a student can complete their program within the maximum timeframe. A student becomes disqualified for federal financial aid when it is determined that it is not mathematically possible for them to complete their program within the maximum timeframe.

Financial Aid Warning, Suspension Status & Probation Status

Students who fail to earn the minimum required cumulative grade point average and/or earn the 67% minimum required rate of course completion percentage will be placed on Financial Aid Warning status for one semester. A student can only be placed on Financial Aid Warning if they were meeting the SAP standards in the prior semester in which they were enrolled or were in the first semester of their program.

While on Financial Aid Warning status, the student will remain eligible for federal financial assistance.

At the end of the Financial Aid Warning period, the student's cumulative grade point average and rate of course completion percentage are again reviewed. If the student's cumulative grade point average and rate of course completion percentage meet the minimum standards, the student is removed from Financial Aid Warning status.

If the student's cumulative grade point average and/or rate of course completion percentages are below the required minimum for SAP, the student will be deemed not making satisfactory academic progress, and the student will lose

eligibility for federal financial assistance at that time (Financial Aid Suspension).

If the student does not meet the minimum SAP requirements for CGPA or completion rate and their Title IV eligibility is suspended, the student may submit an SAP Appeal. If the appeal is approved, the student will be placed on Financial Aid Probation status for one semester and remain eligible to receive federal financial assistance. If the student meets the minimum SAP requirements at the end of the semester in which they are on Financial Aid Probation, the student will be considered as meeting the SAP standards.

SAP Appeals

If the student does not meet the minimum SAP requirements for CGPA or completion rate and their Title IV eligibility is suspended, the student may submit an SAP Appeal Form to their Director of Retention or Academic and Retention Counselor detailing and documenting the basis for an appeal including student injury or illness, the death of an immediate relative, or other special circumstances. The appeal must explain why they failed to make SAP and what has changed in their situation that will allow them to meet SAP requirements at the next evaluation. Students are not permitted to appeal due to exceeding the maximum timeframe for their program. However, students who reach the maximum timeframe for their program may continue their enrollment without the benefit of financial aid.

The SAP Committee reviews the appeal and notifies the student of the outcome of their appeal via student email. Students typically receive a response from the SAP Committee within 30 days. If the committee determines the student's appeal does not provide adequate reasons or documentation for their failure to meet the SAP standards, or that circumstances have not changed such that the student could

meet SAP standards in the future, the student's appeal will be denied, and the student will lose federal financial aid eligibility until they meet the SAP standards or successfully appeal.

If the committee determines the student's appeal is approved and that the student will meet SAP standards at the next evaluation, the student will be placed on Financial Aid Probation status for one semester and remain eligible to receive federal financial assistance. If the student meets the minimum SAP requirements at the end of the semester in which they are on Financial Aid Probation, the student will be considered as meeting the SAP standards. If the committee determines the student's appeal is approved and that, based on the appeal, the student will require more than one semester to meet SAP, the student will be placed on Financial Aid Probation and an Academic Plan will be developed for the student. If the student meets the terms of the Academic Plan at the end of the semester in which the student was on Financial Aid Probation status, the student will remain eligible for federal financial aid for another semester under their approved Academic Plan. If the student does not meet the terms of their Academic Plan and is not meeting SAP standards at the end of the Financial Aid Probation term, the student will no longer be eligible for federal financial aid and may no longer continue in their program of study. The student shall be referred to their Director of Retention or Academic and Retention Counselor to explore alternate academic options.

SAP Academic Plan

Once a student is placed on Financial Aid Probation status and the SAP Committee determines the student will require more than one semester to meet the standards of SAP, an Academic Plan will be created. The Academic Plan will serve as a road map to guide a student toward meeting their SAP goal within a specified

time and method. The Academic Plan is developed by the Director of Retention or Academic and Retention Counselor and provided to the student in writing. The plan will be evaluated after every semester and refined as internal and external developments warrant. An Academic Plan may span multiple evaluation periods, so long as the Academic Plan allows for graduation from the program within the maximum timeframe (MTF), and the student stays in compliance with the terms of the Academic Plan. If a student wants to change their Academic Plan, they must appeal. The appeal must state what has happened to require the change and how they will be able to make academic progress.

Regaining Financial Aid Eligibility

Students who are not meeting SAP requirements for CGPA or completion rate may regain eligibility on their own without submitting an appeal by attending and achieving overall SAP requirements without the assistance of federal financial aid. Students who are not meeting SAP requirements are checked each semester and are determined eligible for federal financial aid once they meet the SAP requirements. The same process applies to students who have submitted a SAP appeal that has been denied. Students who have been denied a SAP appeal can re-appeal after completing one semester without federal aid using extended enrollment status. These students are monitored each semester and are made eligible for federal aid once they meet the SAP requirements.

Extended Enrollment Status

Students not achieving the minimum standards of satisfactory academic progress (SAP) or who fail to meet the minimum standards at the end of the probationary period may be dismissed from the university. Students not dismissed may continue their studies in an extended enrollment status to attempt to earn eligibility for federal

financial aid. Students on an extended enrollment status will be charged the published tuition and fees and will not be eligible for any Title IV financial aid.

Impact of Certain Grades on the CGPA and Rate Course Completion Percentage

Incompletes: A student with a grade of “I” must complete the coursework within the allotted time as published in the Catalog. The faculty member will assign a final grade if the student does not complete the course within the allotted time. The I grade is not included in the CGPA calculation, but the final grade for the course is included in the next SAP CGPA evaluation. The I grade is included as credits attempted for the completion rate.

Withdrawals: All course withdrawals will count as credits attempted but will not be included in the cumulative grade point average.

Repetitions: Students are permitted to repeat courses. All credits count as credits attempted, but only one successful completion is included in the numerator (earned credits). The highest grade for the repeated course will count in the cumulative grade point average.

Transfer Credits: All transfer credits that are creditable toward the student’s current program of enrollment count as credits attempted and credits earned in the rate of course completion percentage. Transfer credits do not count in the cumulative grade point average.

Remedial and Developmental Courses

Students are required to earn a passing grade in a remedial course prior to attempting the next course in the sequence. Remedial courses are not included in the calculation of completion rate, maximum timeframe, and cumulative GPA. However, a qualitative assessment of a student’s progress in remedial courses is performed by requiring that the student earn a “P grade” (pass)

in a minimum of 50% of cumulative remedial credit hours attempted.

Major Changes

If a student changes their academic program of enrollment, previously completed courses that are not creditable toward the new program of enrollment also will not be included in the SAP evaluation.

Internship/Externship and Practicum Requirements

Students must abide with the required hours, procedures and policies set by the state and local agencies for internship/externship and practicum experiences. Also, students must comply with state and local certification requirements for the academic program, as applicable. Furthermore, students must comply with all requirements established by the internship/externship and practicum centers. All external practicum experiences will be conducted in English regardless of if students are enrolled in a program offered in Spanish. Students must review policies and requirements specific to their program.

Student must complete their internship/externship package by the specified deadline, or they will not be enrolled in the internship/externship. Universidad Ana G. Méndez – Carolina Campus reserves the right to remove a student who does not present themselves in a professional manner when working at an external site.

Students enrolled in a program with clinical and/or internship/externship practicum experiences must review the *Learning Environment Free of Drugs, Alcohol, and Tobacco Policy* institutional policy and the respective program’s alcohol and drug testing procedures in the program manual.

Accumulated Credits Required and Retention Index

Accumulated credits are the sum of the credits corresponding to the courses the student registers in annually and those accepted as transfer. To complete a degree, a student must complete all academic requirements in a period of time not to exceed 150% of the total credit hours required to obtain the degree. The total of approved credits to complete the degree must meet a minimum average for graduation as established by major.

Time to Degree Completion

Based on a course workload of 12 credits per semester, the estimated time to degree completion is five years.

Graduation Requirements

Eligibility to Obtain an Academic Degree

1. Students must have approved the courses required for the degree as specified by the Institution in the Catalog and comply with all academic requirements for their degrees including but not limited to tests, practicums, and internships.
2. Students must have approved the total number of credits required for the degree with a minimum GPA as required by the program.
3. Students must have approved the total concentration or major courses with a minimum GPA as required by the program for non-degree and degree programs.
4. Students must satisfy all financial obligations before degree conferral.
5. Students must submit all official high school and college transcripts for all classes taken at another institution while attending Universidad Ana G. Méndez – Carolina Campus. All final grades must be posted on the official transcripts before degree conferral.

6. It is the student's responsibility to ensure that they have fulfilled all graduation requirements.
7. All students, including transfer students, must meet the 25% residency requirements.
8. When calculating the GPA for graduation, only the courses approved and required for obtaining the degree will be considered.
9. All students admitted to the University will be subject to the graduation requirements in effect the year of their admission. Nevertheless, when the curricula of the programs have been modified, the student may opt to take the program in effect at the time of graduation, but never a combination of both.
10. Students must complete the Graduation Application for each degree and/or certificate and submit it prior to the graduation application deadline for the semester in which the student plans to graduate by the deadline established in the Academic Calendar.

16. Two degrees may be conferred if they are from different programs.

The University participates in facilitated graduation. Facilitated graduation is the degree auditing process that identifies students at or past completion, and automatically awards credential(s) to those that qualify on a designated timeline. Facilitated graduation ensures that students are automatically graduated upon completing all degree and diploma requirements. Students will have their diplomas mailed to the address on file.

Students can download unofficial student transcripts within the Secure Area of the Student Portal. All requests for official University transcripts should be made by the student through the Student Portal. Students are encouraged to order their transcript once all course grades have been assigned to the student record.

Grade Forgiveness

Students wishing to retake a course for grade forgiveness must do so prior to earning a degree or diploma grade forgiveness will not be applied after a degree or diploma has been awarded.

Diploma Information

Diplomas are mailed to the address on the student record within 6 weeks of the annual Commencement ceremony. Prior to submitting the Graduation Application, students should verify their address in the Secure Area and update their address accordingly.

1. Strengthen the quality of the academic experience using technology in support of the curriculum.
2. Provide additional student access to technological resources and equipment that are needed in support of instruction and to maintain and enhance the technological competency of students as it relates to their academic endeavors.
3. The technology fee for each academic term is not refundable.

Additional Expenses and Fees

Please note that in attending any institution, you will need to allow for other expenses, such as

books and supplies, uniforms, digital resources, transportation, meals, and other personal needs. A variety of financial aid packages are available.

Universidad Ana G. Méndez – Carolina Campus is focused on supporting affordability, facilitating transparency and ease of student procurement of course materials, and complying with applicable rules, standards, and laws. The primary considerations in the selection of textbooks and other course materials are promoting learning and ensuring instructional quality.

Course materials can range from traditional textbooks to simulations, professional memberships, software, videos, practitioner books, supplies, etc. All course materials are listed on the course syllabus and in the Learning Management System (LMS). Students will typically have the option to acquire course materials through the supplier of their choice. Some courses require fees, in which the cost of course materials are included. The approximate cost of course materials vary based on the course and/or program and additional course fees may apply. Refer to the Cost Bulletin for an estimation of these costs.

Most learning resources, textbooks and teaching materials are provided through the virtual library and the Learning Management platform. In some cases, faculty will recommend textbooks, which students may acquire through the supplier of their choice.

Graduation Fee:

The student must apply for Graduation by the date established in the academic calendar, along with a non-refundable graduation fee.

Student Identification Card

The Institution issues an identification card to ground campus students. The non-refundable

cost of replacing a lost, misplaced or stolen identification card is \$5.00. The identification card is required to access the campus facilities.

Payment Methods

Payments can be made online or on campus by cash, personal check, certified or manager's check, money order, credit cards (American Express, Visa, Discover, or Master Card). All tuition and fees and service charges are subject to change during the life-term of this catalog.

Minimum payments due to Officialize

Students can officialize their enrollment, once they make an initial payment, or guarantee the funding via financial aid (student loans or other) equal to or greater than ten percent (10%) of their total account balance with the exception of doctoral, graduate, and international students. Doctoral and graduate students may officialize their enrollment, once they make an initial payment, or guarantee the funding via financial aid (student loans or other) equal to or greater than ten percent (10%) of their total account balance. International students can officialize their enrollment, once they make an initial payment, equal to or greater than fifty percent (50%) of their total account balance.

New Student Enrollment Cancellation

Any new student who cancels their enrollment on or before the first day of classes will have 100% of the tuition and fees refunded. Cancellation can be made in person, by email, by certified mail, or by administrative action. They cannot be made via phone or third parties. Refunds will be processed within 30 days of termination of student's enrollment or receipt of

Cancellation Notice from the student. All refunds are less any amounts owed to the university.

Course Drops prior to the Add/Drop Deadline

If the student withdraws by the part of term (PT) add/drop deadline, the student will be refunded 100% of tuition and fees, as well as any funds paid to the University for supplies, books, or equipment which can be and are returned to the institution.

Partial Withdrawal

Students who withdraw from one of their enrolled courses after the add/drop period will be responsible for 100% of tuition and fees. Financial Aid and VA/Military benefits could also be impacted. Students should meet with a Financial Aid Officer prior to requesting a withdrawal to understand the full financial impact.

Withdrawal for Non-attendance

Any student who are marked as "non-attending" by their faculty during the established Census period will be automatically withdrawn and will be responsible for 25% of tuition cost of the enrolled course. Federal Aid cannot be used to pay the 25% outstanding balance.

Mid-Point Withdrawal

Any student who obtains a "WF" in all their courses at the end of the semester will be responsible for 50% of the total cost of their tuition cost and financial aid will be adjusted to 50%. The student will be responsible for the outstanding balance.

Total Withdrawal

Students who request a total withdrawal of courses, after the add/drop period, but through 60% of the term registered, will be reimbursed according to the following formula: Total days elapsed/total term days= % total cost. Financial Aid and VA/Military benefits could also be impacted. Students should meet with a Financial Aid Officer prior to requesting a withdrawal to

understand the full financial impact. After 60% of the total days of the term has elapsed, the student will be responsible for 100% of tuition and fees.

Cancellation and Refund Policy

Should a student's enrollment be terminated or cancelled for any reason, all refunds will be processed according to the following refund guidelines:

1. Cancellation can be made in person, by email, by certified mail, or by administrative action.
2. No charge will be made for applying for admission.
3. If the student withdraws before the end of the drop/add period, the student will be refunded all (100%) tuition and fees, as well as any funds paid for supplies, books, or equipment which can be and are returned to the institution. New Students who cancel within three working days from the date that the student signs the enrollment agreement, will be refunded all (100%) tuition and fees, but may not be refunded for supplies, materials, and kits that are not returnable.
4. Students who do not attend the courses during the established Census period will be reported by the professor. The administration will record an administrative withdrawal, and the student will be charged 25% of the course tuition cost. Federal Aid cannot be used to pay the 25%.
5. Termination Date: In calculating the refund due to a student, the last date of participation in class by the student is used in the calculation, unless earlier written notice is received.
6. Refunds will be processed within 30 days of termination of student's enrollment or receipt of Cancellation Notice from the student.

Refund Formula

Any student who requests a total withdrawal of courses, after the drop-add period, but through

60% of the semester registered, will be reimbursed according to the following formula: Total days elapsed/total semester days= % total cost. After 60% of the total days of the semester has elapsed, the student will be responsible for 100% of total costs.

Return of Title IV Funds

If a student who qualifies for Title IV (federal financial aid) funds does not complete the term or part of term, the university is required to complete a pro rata calculation to determine the percentage of the Title IV funding the student has earned for that term. The pro rata calculation, called a Return of Title IV (R2T4) calculation, is based on the premise that a student "earns" financial aid for each calendar day they remain enrolled and in attendance during a term or part of term. The R2T4 calculation must be performed if a student notifies the university of their withdrawal (official withdrawal), is dismissed, or stops attending all their courses without notification (unofficial withdrawal). For students who officially withdraw, the date the student began the official withdrawal process or provided official notification to the university of their intent to withdraw will be considered their last date of attendance. For students who unofficially withdraw, the midpoint of the term will be considered their last day of attendance. If a student was only scheduled to attend a part of term course (i.e., a course that does not span the entire term) and they unofficially withdraw, the midpoint of the part of term will be the last day of attendance. For students who are dismissed, their date of dismissal will be considered their last date of attendance.

The pro rata calculation uses the number of days the student attended as the numerator and the number of days in the term or the days they were scheduled to attend if enrolled part of term (excluding any scheduled breaks of 5 days or more) as the denominator. For example, if a student attended 40 days of a term of 100 days,

they will have earned 40% of their Title IV aid for that term.

If a student attends beyond the 60% point of the term, they have earned 100% of their financial aid for the term.

If the R2T4 calculation determines the student has received more in Title IV disbursements than they have earned, the unearned portion of Title IV funding must be returned to the U.S. Department of Education no later than 45 days from the date the university determined the student ceased attending. There may be both an institutional and student portion to return. The university will return the institutional portion of loans and grants and the student portion of grants to the U.S. Department of Education, and the student will be responsible for repaying the university for any resulting balance on their student account. The student portion of the grant overpayment is any amount of the grant overpayment that exceeds 50% of the amount of grant aid received by the student. The amount that must be returned is the lesser of:

1. The institutional charges multiplied by the unearned percentage of the Title IV funds:
or
2. The entire amount of excess Title IV funds.

Any unearned funds are returned in the following order:

- Unsubsidized Direct Loans;
- Subsidized Direct Loans;
- Direct PLUS Loans;
- Federal Pell Grants;
- IASG Grants;
- FSEOG Grants;
- TEACH Grants.

The student portion of grants will not be returned if the grant overpayment is \$50 or less. Any loan amount to be returned by the borrower must be repaid according to the terms and

conditions of the borrower's Master Promissory Note (MPN).

If the R2T4 calculation determines the student has received less in Title IV disbursements than they have earned, the student may be offered a post-withdrawal disbursement (PWD). The university may automatically disburse all or a portion of the PWD that consists of grant funds in order to satisfy tuition and fees within 45 days of the date the university determined the student ceased attending. The university will seek the student's permission to use PWD grant funds for all other educationally related charges. Any PWD of loan funds must be offered to the student or parent borrower in writing within 30 days and accepted by the student or parent borrower and disbursed within 180 days of the date the university determined the student ceased attending. Loan borrowers who are offered a PWD of loan funds will receive written instructions for declining the PWD or accepting all or a portion of the PWD. A borrower can never receive a PWD for funds for which they did not meet the eligibility criteria at the time they ceased attending.

A student is exempt from the R2T4 calculation if any of the following conditions apply:

- They complete all requirements for graduation in the same term they cease attendance.
- They successfully complete one or more part of term courses that includes 49% or more of the number of days in the student's payment period.
- They are enrolled in a program offered in a part of term format and they successfully complete coursework equal to or greater than the university's definition of a half-time student.
- They are enrolled in a program offered in a part of term format and provide written confirmation that they will begin attendance in another part of term course in the same term within 45 calendar days from the date they ceased attending. If the student does

not subsequently begin the part of term course they confirmed they would attend, a R2T4 calculation is required.

Although a student may be exempt from the R2T4 calculation, other adjustments to the student's financial aid may be required.

The R2T4 calculation does not apply to Federal Work Study or non-federal financial aid programs.

The R2T4 calculation is separate from the university's refund policy. If a student ceases attendance during a term, the Title IV funds that previously paid or were anticipated to pay the student's account balance may be reduced resulting in the student owing a balance to the university. The university will seek payment from the student for any funds it returns to the U.S. Department of Education that results in a balance due on the student's account. We encourage students to carefully consider the academic and financial consequences of withdrawing and to consult with the Financial Aid Office prior to withdrawing.

Financial Aid Credit Balances

Universidad Ana G. Méndez – Carolina Campus will issue a credit balance payment when a student's financial aid payments received exceed the tuition charges on their account. All credit balances will be processed according to the following refund guidelines:

1. If the amount paid to the student account exceeds the cost of tuition and fees, a check or direct deposit will be processed.
2. Financial Aid credit balances will be processed within 14 days after the financial aid funds have been disbursed into the student account.

Credit Balance and Refund Procedures

Credit balance payments and refund payments will be processed according to the following:

- A payment will be sent via Direct Deposit to the students who have submitted the University's Direct Deposit form. Students who have not completed the Direct Deposit form will receive a check via mail.
- Students will be notified, via email or text message, that the credit balance or refund has been processed.
- The student is responsible for any outstanding balance in their account that may result from any adjustments made in their academic load after the credit balance or refund disbursement.
- All uncashed checks expire 90 days after the date of issuance.
- If the student does not cash the check within the established time or the direct deposit is unsuccessful, the Bursar's Office will contact the student, inquire how they would like to receive the funds, and provide next steps. If the Bursar's Office is unable to reach the student, the funds will be returned to the original funding source (i.e., U.S. Department of Education, state agency, etc.). If the source of the funds was a payment from the student (i.e., not financial aid or another third-party payment) and attempts to contact the student are unsuccessful, the funds will be held on the student's account until the student inquires or the student incurs new charges to which the credit balance may be applied.
- Students are responsible for notifying the Bursar's Office of any changes to their address, bank account or any information required by Universidad Ana G. Méndez – Carolina Campus to locate the student.
- Universidad Ana G. Méndez – Carolina Campus will not issue a new Direct Deposit or check until the student has completed the corresponding form for a stop payment.

All claims regarding this procedure or the cancellation, refund and credit

balance policies shall be made in writing to the corresponding Bursar's Office.

Payment Plan

Students can officialize their enrollment, once they make an initial payment, or guarantee the funding via financial aid (student loans or other) equal to or greater than ten percent (10%) of their total account balance. Universidad Ana G. Méndez – Carolina Campus offers students the use of a payment plan. Students using a payment plan must pay their outstanding balance on or before that semester's published withdrawal deadlines. These deadlines are updated annually and are outlined in the Academic Catalog.

Code of Student Conduct and Discipline

Universidad Ana G. Méndez – Carolina Campus is dedicated to the advancement of knowledge, learning, and to the development of exemplary personal and social conduct. Students assume the responsibility for conducting themselves in a manner that contributes positively to the University's learning community and that does not impair, interfere with, or obstruct the orderly conduct, processes, and functions of the University as described in this Student Code of Conduct (the "Code").

While this Code may have some similarities with the legal system, it is essentially educational and administrative in nature. This Code is not governed by restrictions found in criminal or civil proceedings. It should be read broadly and is not designed to define misconduct in exhaustive terms. Nothing in this Code shall be construed as preventing University officials from taking any immediate action when deemed necessary.

Each student assumes the responsibility for becoming familiar with, and abiding by, this Code. The University reserves the right to make changes to this Code as necessary and once those changes are posted online, they are in effect. Students will be informed in writing of substantive changes to this Code on an established communication cycle.

Academic Integrity Policy**Policy Scope**

Universidad Ana G. Méndez – Carolina Campus has set an academic integrity policy and procedures that extends to students, faculty, and the University community. The procedures include standards and responsibilities expected in all academic settings and define the students and faculty obligations in cases of evidenced student violations.

Policy

Academic integrity refers to the expectation of honesty in the development and submission of student course work based on individual knowledge and skillset of each student. Dishonesty and academic misconduct are not tolerated in any form by the University and must be reported following the established procedures.

Plagiarism is the dishonest representation by a student of information, ideas or the presentation of another student or author's creation as if they were their own. Not using citations, not giving credit to an author, or using excessive paraphrasing are forms of academic theft and plagiarism. Plagiarism applies to information in writing, presentations, drawings, seminars or lectures, graphs, etc.

Cheating is the act of misrepresentation of mastery or skill in an academic exercise. It may include using or copying information from another student to write a report or complete an assignment, using materials without the authorization of the professor during an exam, communicating with another student before or during examination, etc.

Fabrication or falsification is the creation of false information or results in an academic exercise to deceit and commit fraud. For example, the student invents false information and presents it as facts.

Violation Procedures: Application of the Code of Conduct and Discipline

The University ***Code of Conduct and Discipline*** defines all forms of academic misconduct as prohibited conduct and establishes procedures to review academic integrity alleged violations. Violations to academic integrity include cheating, fabrication of information, plagiarism and stealing.

Faculty and students are encouraged to report violations to the Academic Integrity Policy. Faculty must use the academic integrity violation report form to report minor violations such as unintentional plagiarism. Students must follow the procedures in the Code of Conduct for reporting.

Authority and Jurisdiction

The University reserves the right to take necessary and appropriate action to protect the safety and wellbeing of the University community. This Code is adopted for the appropriate discipline of any student (or student organization) who acts to impair, interfere with, or obstruct the orderly conduct, processes, and functions of the University.

The authority for student discipline ultimately rests with the University Chancellor. The Chancellor delegates this authority to the Vice Chancellor of Student Affairs, and the Vice Chancellor delegates this authority to designated staff on the campuses.

The Code applies to behaviors that take place on campus, in study abroad programs, or at University-sponsored events, programs, or activities, including at clinical and internship sites. While the University has a primary duty to supervise student behaviors in its premises, it reserves the right to take disciplinary action in response to behavior off-campus or online that adversely affects the University and/or the pursuit of its objectives and warrants conduct action.

The Code may also be applied to behavior online, via email, or another electronic medium. Online speech by students not involving Universidad Ana G. Méndez – Carolina Campus networks or technology will typically not be the subject of this Code with two notable exceptions: 1) A threat, defined as a threat a reasonable person would interpret as a serious expression of intent

to inflict bodily harm upon a specific individual(s); and 2) Online or electronic speech that causes significant disruption to University operations or the educational mission. 8. If the assigned Conduct Official finds, based on a preponderance of evidence, that the responding student(s) is responsible for violating the code, the assigned Conduct Official will notify the student(s) in writing of the findings and impose sanctions within three (3) business days of the conduct meeting.
